Pearl drums

Pearl drums are the most commonly used acoustic drums. They produce quality drums at great prices.

Here it will describe the Pearl drums a bit more in detail and why they are ranked #1 for acoustic drumkits.

Tama Drums

Tama brand is known for great sounding snare drums. They are also an affordable brand, depending on what you buy. Here it will describe why I ranked them #4.

DW Drums

DW Drums, also known as Drum Workshop, in my opinion, are also a commonly used drum brand. DW is famous for making fine-tuned, great sounding customized parts. They are just more expensive than other brands. Here it will describe more about why I ranked them 5th place.
